

Quartz Quartet Repertoire List

The Quartz Quartet has a large repertoire of music that is suitable for all types of occasion.

This is a selection of our repertoire which we have divided into two categories, popular and light classical, listed below. We have also included a list of music most commonly requested for wedding ceremonies to help guide you in choosing music for your occasion. We are of course able to play the more serious quartet repertoire if desired.

If there is a special piece you would like to be played at the ceremony or reception, which is not listed, then we will try to find it for you or arrange it especially for string quartet or trio.

This list also applies to the Quartz Trio.
