

Funky Lipstik

2010

This six piece band is the cream of a new and funky breed of covers bands. All the musicians have chart pedigree but this is a band who can mix a wide variety of styles absolutely seamlessly. They play the classics in the swing, soul, rock and disco genres such as *I Want You Back* by The Jackson 5, but they also excel at playing current 'future classics' like *You've Got The Love* by Florence and the Machine, *Valerie* by Amy Winehouse, *Take Your Mama Out* by The Scissor Sisters and *Lolas Theme* by Shapeshifters. Check out the set list and you'll see plenty for the young. . . and for the over 21's!

Funky Lipstik play with great authority because every band member has either charted or played and sung with big names in rock and pop live and in the studio. They add a smart and sexy cutting edge to the songs in their repertoire. Funky Lipstik are also happy to learn a new track especially for a client if they have a favourite that isn't on the list.

Their client list is pretty funky too, the England Football Team, Duncan Bannatyne (Dragon's Den), The GQ Music Awards and the Monte Carlo Music Festival (who said of them, "*Simply the best covers band we have ever seen*"). Those are some stand out appearances amongst many, many more awards' nights and weddings at venues like The Grosvenor House, Claridges and The Savoy.

The awesome Funky Lipstik are floor filling, crowd thrilling professionals, and very cool with it...
